Exhibitor Lead Retrieval Standard and Customized Action Code Template

You will receive a sheet of the encoded standard action codes below. Simply scan the prospect's badge with the hand held scanner and then scan the appropriate barcode to have the action code added to the prospect's information. This information will also be loaded into the Expo Tool giving you the ability to add action codes without the need for an additional scan.

If you wish to make changes to the list of standard action codes listed below, please select the Custom Action Codes on the order form. Then write the codes you wish to use on the area provided on this page.
