

2024 Exhibitors Manual Overview

The objective of this overview is to make sure that you are aware of all the marketing opportunities offered to you as an ITC exhibitor, as well as all the logistical processes and forms designed to make exhibiting at ITC a very positive experience.

- The *introduction section* presents the official welcome letter, schedule as well as rules and regulations. It also includes a chronologically ordered checklist.
- The *marketing section* presents with items (with support documents) relevant for the tremendous marketing opportunities we offer to our exhibitors.
- The *logistics section* presents with items relevant for making sure you get the best support in setting up your booth.

We recommend that you review each item below at least once to make sure you are aware of all opportunities and processes. If you have any questions, please don't hesitate to contact us.
